

OPPORTUNITIES IN METAL FABRICATION AND MACHINERY MANUFACTURING

Company Profile

Sector Overview

Form-Tech Machining, Fabrication and Welding Ltd., based in Medicine Hat, Alberta is one of nearly 2,000 companies operating in Alberta's metal manufacturing and machinery fabrication sector (MFMM). The MFMM sector is expected to create revenues of \$10 to \$12 billion annually in the future. The sector employs over 35,000 Albertans and provides 50% of all fabricated metal products and 75% of all machinery used domestically.

Alberta's Metal Fabrication and Machinery Manufacturing Sector...

- Offers world-class technology, machining, design and engineering capabilities;
- Plays a critical role in the development of the Oil Sands through the supply of fabricated structural products, modules, boilers, pressure vessels, tanks, heat exchangers and steel pipe and tubes;
- Performs field installation and maintenance of equipment.

About Form-Tech

Form-Tech is a western Canadian contract manufacturing company that services an expansive customer base across multiple industrial, governmental, and private sectors. Because they operate as a custom B2B (business-to-business) job shop, their customer profile spans from heavy industrial companies requiring large-scale components to local commercial businesses looking for custom fabrication.

Their 50,000 square foot facility is equipped with the latest technology and staffed by experienced professionals dedicated to quality and precision. They invest continuously in their people, processes, and equipment to ensure they can meet our customers' evolving needs.

Key Industries Served

Aerospace, Space, Defense, Industrial, Electronics, Automotive, Mining, Agriculture, and Medical

| • Engineering | • Additive Manufacturing |
| • Precision CNC Machining | • Certified Welding |
| • Precision Laser & Plasma Cutting | • Coatings |
| • Precision Waterjet Cutting | • Quality Assurance |

Form-Tech operates in Medicine Hat, a member of the Palliser Economic Partnership (PEP), the economic development alliance for Southeast Alberta. The City of Medicine Hat is located in the southern region of the Eastern Alberta Trade Corridor.

PEP facilitates regional cooperation to position Southeast Alberta as an ideal location for business investment. They achieve this by assisting communities in regional projects and economic development activities that cannot be completed by communities on their own.

PEP's Core Focus Areas:

- *Marketing and Communications*

Make Southeast Alberta globally competitive by marketing the region on a larger scale and promoting initiatives to attract investment. It is also vital to promote the Palliser Economic Partnership as an effective regional alliance and the region as a healthy place to live and do business.

- *Regional Cooperation*

Grow and build communities through capacity building and collaboration, ensuring strong, vibrant communities throughout the region. We support balanced and sustainable growth in member communities, building alliances, partnerships and networks that enhance economic development participation inside and outside the region.

- *Business Investment*

Encourage sustainable economic growth by supporting business retention, economic diversity, investment attraction, industry innovation, and technology adoption and commercialization.
